

# Foster Homes and/or Sponsors Needed

The Zeke Fund is in desperate need of foster homes and sponsors for some of our animals.

We have 23+ dogs and a number of cats and kittens boarded at our vet's office. These animals will need to be placed into foster homes so the vet has room for her regular Holiday boarding. In the past couple of months, the Zeke Fund has spent approximately \$8,000 in boarding fees- \$105 per month/per animal. At this time, our pound is also full, so moving these animals there is not an option. A foster's responsibilities are probably not what you think- fosters feed the animals, provide them with love, and bring them to Petsmart on Saturdays for their chance at finding their forever homes. Below you will meet just a few of the animals in need of foster homes. On the following pages, are many more animals looking for foster homes.

If you or someone you know can open their home and hearts to a dog or cat, or if you have questions about a specific dog or other dogs needing fosters, please contact Rhonda Blodget at 281-935-0707.
