

# Dan Barrett

## Is Our One Chance For Change!

Seven candidates are running for State Representative, and Dan Barrett is the only one who has vowed to change the way they do business in Austin.

The other six will give us more of the same scandals, wasted tax dollars and skyrocketing electric bills.

**We don't need more of the same.  
We need change. We need Dan Barrett.**

# Six Pawns For The Texas House Leadership

More Of  
The Same.

**Iron-fisted Tom Craddick and his leadership team have built a long record of scandals and failures.**

In the race for State Representative, six candidates have refused to commit to getting rid of Craddick and the House leadership (*Fort Worth Star Telegram, 9/23/07*).

That's six pawns for the Austin leadership.  
That's six pawns against change.

These six pawns will just give us more of the same, including:

## **Trans Texas Corridor**

Craddick and his leadership team want the state to seize 500,000 acres of private property to build the massive Trans Texas Corridor east of Dallas.

## **High Electric Rates**

Electric rates for consumers and small businesses are skyrocketing because Craddick and his leadership team refuse to clamp down on utilities like TXU.

## **Children Denied Health Care**

The Austin leadership gave a foreign company \$90 million to manage CHIP, but the company bungled its job and denied health benefits to 22,000 Texas children.

# Choose Change! Choose Dan Barrett!
